

# Summary Accounts 2004/05

## INTRODUCTION

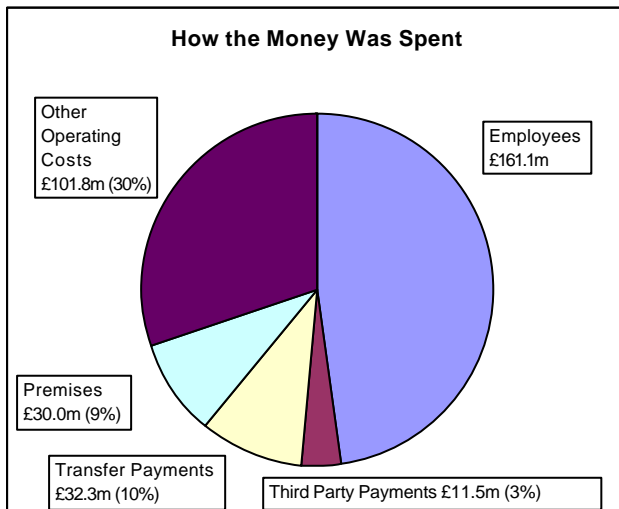

The full Statement of Accounts is available on the Council's website. It's format and content is set by Financial Reporting Standards and the Accounting Code of Practice, therefore this summary report aims to provide a simplified version of the accounts.

## REVENUE TRANSACTIONS

The Council set a budget of £157.401m which included growth of £4.278m and savings of £3.639m. In the year it spent £336.7m on providing day-to-day services to the public and has managed a number of pressures during the year. There was an underspending of £2.6m during the year, compared to the budget, although £1.9m of this was for projects that could not be fully provided in 2004/05, and the resources will be used in 2005/06. The remainder of the underspend has arisen due to one-off events that are unlikely to arise in future years. The adjacent graph shows this expenditure on a service basis.

These costs can also be shown by category of expenditure - see below

**Employees costs** include the full cost of employing all staff, including teachers

**Third party payments** include levies from internal drainage boards

**Transfer payments** relate principally to benefit payments and rent rebates

**Premises costs** are the cost of running all council premises

**Other operating costs** includes such diverse items as social services costs for supporting residents and funding borrowing to support the capital expenditure.

The revised budget assumed that £3.0m would need to be withdrawn from balances to fund the expenditure but the underspend in the year meant that only £0.4m was needed, leaving the general fund balance at £6.4m. The funding of the expenditure in the year is shown in the attached chart.

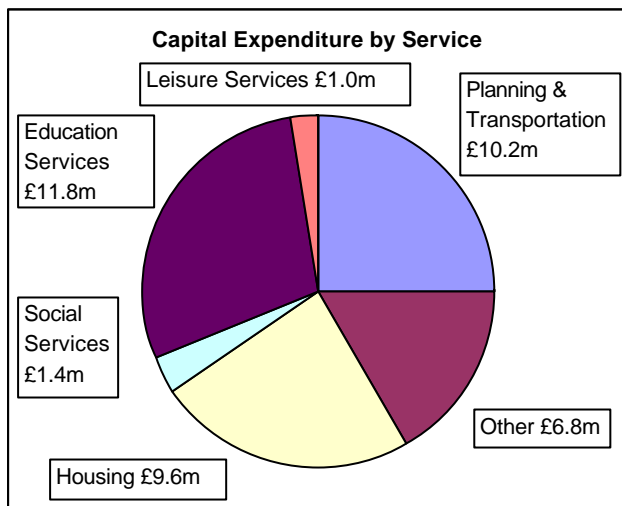

NNDR Distribution and Revenue Support Grant are paid by the government to support general expenditure, other government grants are to fund specific service provision.

While Council Tax may seem very visible to those who pay it, it only represents 16% of the Council's total funding.

# Summary Accounts 2004/05

## CAPITAL TRANSACTIONS

The expenditure on building and improving the Council's fixed assets was £40.8m compared to an original budget of £41.2m. The change in expenditure has arisen due to re-programming of some of the work.

The Council maintains a wide-ranging capital programme containing initiatives such as:

- Galtres Special School (£2.2m)
- Local Transport Plan (£7m)
- NDS Modernisation works on a variety of schools (£2m)
- Harewood Whin (£4.4m)
- Modernisation and repairs to Council Properties (3.5m).

## SUMMARY BALANCE SHEET AS AT 31 MARCH 2005

The balance sheet shows the end of year financial position for the Council as a whole. It presents the financial value of the land, buildings and other assets owned by the Council and the value of borrowings and other debts owed by the Council.

The value of **fixed assets** increased by £62m in the year, £35m of which was due to the revaluation of council housing.

The **Pension Liability** represents the Council's net financial commitment to existing pensioners, future pensioners and current employees. The **Pension Reserve** is the offsetting amount the Council would need to make available over a period of time to fund these benefits. This results in a net nil cost to the taxpayer.

**Capital Accounting** represent the proportion of the Council's fixed assets that have been funded to date. The balance of these assets is financed mainly from long-term borrowing.

**Earmarked Reserves** are funds of money held by the Council for specific purposes. These include money for future capital investment projects and unspent allocations held by schools. The value reduced by £3.0m during the year, mainly due to funding capital expenditure.

**General Reserves** need to be maintained at an adequate level to provide a sound financial basis and meet any unforeseen calls on the Council's resources. As a result of the overall net underspend in 2004/05, the balance on general reserves has increased by £0.4m, and is considered to be at an adequate level.

	£m	£m
<b>Fixed Assets:</b>		
Land and buildings	224.5	
Council housing	411.3	
Vehicles, plant, etc.	4.4	
Roads, bridges, etc.	51.2
