

ID Ref	Q1: Thinking about the Local Plan as a whole, to what extent do you support the Labour Council's plans for over 16,000 houses on York's greenbelt? (Non FSC Comment)	Q2: Do you agree with us that the overall scale of development Labour are proposing is unsustainable and is likely to outpace investment in infrastructure? (Non FSC Comment)	Q3: Do you agree with us that Labour's Local Plan is in appropriate for a historic cathedral City like York? (Non FSC Comment)	Q4: Give us your thoughts on the Local Plan proposals as a whole. (Non FSC Comment)	Q5: Turning to the Local Plan proposals in your area and particularly those summarised on page one of this leaflet, do you support the proposed expansion of the University of York? (Site Reference 794)	Q6: Do you agree with us that the proposed changes to the Whinthorpe development are largely superficial and the whole proposal should be withdrawn? (Site References ST15 and SF3)	Q7: Do you agree with us that the Council should not 'safeguard' land for future development if it is not required to do so? (Non FSC Comment)	Q8: Do you agree with us that the Council should not allocate land for wind and solar farms if it is not required to do so?(Non FSC Comment)	Q9: Give us your thoughts on the Local Plan 'Further Sites' proposals in your area. (FSC General comment)	Any further issues of concern? (FSC General comment)
1049	Opposed	Yes	Yes	Green belt should not be encroached upon. Many unoccupied sites at Clifton Moor that could be used for housing. University should be required to build accommodation and pay council tax if occupying a house needed by a local family.	Don't Know	Yes	Yes	Don't Know	Wind & Solar power is needed but perhaps in smaller numbers not farms.	
5462	Strongly Opposed	Yes	Yes	In view of government directives that only Brownfield sites should be used for housing, it is disgraceful that large acres of farmland should be used in this area. The infrastructure of York would not be able to support a new village. The old village of Heslington is being spoiled by the volume of traffic and this would get even worse if the plans go through. the university has already encroached too much.	No	Yes	Yes	Yes	Totally disagree with it.	Hate the idea of wind farms and solar farms - they are a blot on the landscape.
6033	Opposed	Yes	Yes		Yes	Yes		Yes		
6439	Opposed	Yes	Yes	Ill-conceived.	No	Yes	Yes	Yes	University expansion un-proven (falling student numbers in UK). Need for Whinthorpe un-proven. Wind farms poor form of green energy.	

10558	Strongly Opposed	No	Yes	Insufficient exploitation of existing Brownfield sites. Better use of vacant properties	Don't Know	Yes	Yes	Yes	Heslington under enough pressure due to Whinorpe development and university expansion, character could be destroyed.	
10559	Strongly Opposed	Yes	Yes	Concern the developments will ruin York. 1000 homes = 2000extra cars.	No	Yes	Yes	Yes		
10919	Strongly Opposed	Yes	Yes	Infrastructure already struggling to cope. Level of development unsustainable.	Yes	Yes	Don't Know	Yes	Small enlargement of Whinorpe will not solve infrastructure or environmental problems.	
10923	Strongly Opposed	Yes	Yes	Ignoring the fact that it is a conservation village and have almost encircled it with an ever growing 'university'. Now considering even more extensions to the campus. Have to suffer the consequences of the four banks in the village Main Street for students and management and traders to the detriment of the residents of the village. Should have been sited on the Science Park.	No	Yes	Yes	Yes	Ridiculous proposal to embark on a new town close to York before considering the implications of the traffic commuting to York. There are already chaotic situations of bottlenecks in access roads into York at peak times. There is not sufficient access at peak times and no prospect of any further accommodation of access for the extra commutes.
