

ID Ref	Q1: Thinking about the Local Plan as a whole, to what extent do you support the Labour Council's plans for over 16,000 houses on York's greenbelt? (Non FSC Comment)	Q2: Do you agree with us that the overall scale of development Labour are proposing is unsustainable and is likely to outpace investment in infrastructure? (Non FSC Comment)	Q3: Do you agree with us that Labour's Local Plan is in appropriate for a historic cathedral City like York? (Non FSC Comment)	Q4: Give us your thoughts on the Local Plan proposals as a whole. (Non FSC Comment)	Q5: Turning to the recent Local Plan 'Further Site' proposals in your area to what extent do you agree that the Elvington Traveller Site proposal should be withdrawn on account of it's rural greenbelt location? (Site reference 747)	Q6: Do you support the Council's plans for 15 acres of housing to the north of Escrick and 'safeguarding' of a further 7.5 acres for future long term development? (Site Reference 183)	Q7: Do you agree with us that the Council should not 'safeguard' land for future development if it is not required to do so? (Non FSC Comment)	Q8: Do you agree with us that the Council should not allocate land for wind and solar farms if it is not required to do so? (Non FSC Comment)	Q9: Give us your thoughts on the Local Plan 'Further Sites' proposals in your area. FSC General Comment)	Any further issues of concern? FSC General Comment)
11203	Strongly Opposed	Yes	Yes	Unable to manage traffic volumes with the existing level of population. What chance of any suitable plan if the population expands as indicated?	Strongly Disagree	No	Yes	Yes	Until able to demonstrate can get planning right within the city why embark on haphazard ideas in greenbelt? Could damage the very nature and unique charm of our city and is surrounding areas.	
11212	Strongly Opposed	Don't Know	Don't Know	Concerned that when houses are built on flood plains like Fulford (in-between the A19 & Fordlands) where will the flood waters go? Will Fulford Road flood more often, or will it back up down to Naburn?	Agree	No	Yes	Yes		

11213	Strongly Supportive	No	No	If we do not provide adequate housing then the implications will be higher house prices and more people travelling into York by car from further afield. Campaign for the best development we can, world class cycle and bus links to the city instead of nimbyism.	Don't Know	Yes	No	No	If you want York to remain a great city then plan for the long term.	
11224	Strongly Opposed	Yes	Yes		Strongly Agree	No	Yes	Yes	Totally opposed to more development on the A 19. The A19 already has more traffic on it than it can cope with and there are daily traffic jams at peak times. Local services could not sustain any further development.	
11319	Strongly Opposed	Yes	Yes		Strongly Agree	No	Yes	Yes		
11320	Opposed	Yes	Yes		Don't Know	No	Yes	Don't Know	The A19 is congested enough. No thought been given to already overused single carriageway for the extra volume of traffic created if more houses are being built either Selby, Escrick or Fulford. How we are supposed to travel is going to be even more problematic.	
11321	Strongly Opposed	Yes	Yes	Determined to ruin our city and the lives of its inhabitants.	Strongly Agree	No	Yes	Yes	New plan is devious - the Local Plan received a few years ago made no mention of any developments in the Escrick area.	Great concern regarding increased use of the A19 south of York i.e. Escrick, North Selby Mine & Germany Beck. Seems to plan to make only logical route into York into several miles of stationary traffic.

11322	Strongly Opposed	Don't Know	Don't Know	Doesn't affect 'historic' city. Affects rural areas and infrastructure.	Strongly Agree	No	Yes	Yes	Don't keep increasing rural village sites where there are no facilities and traffic routes are already congested at peak times.	
11324	Strongly Opposed		Yes	Plan is totally inappropriate for the area and will ruin the south of York, just as the north of York has been ruined.	Strongly Agree	No	Yes	Yes	Roads will not cope with increase in traffic, air pollution in York is not good at the best of times. The nature reserves of wildlife will suffer and never recover from this expansion.	Where will the people come from to occupy these houses and where will they work? Will cause irretrievable damage to the countryside and life in the area, spoiling it for future generations. Countryside needs to be cherished.
