Q21

To which evidence document does this response relate?

EX/CYC/76e - Appendix 4 Part 4 - Allocations No Consent - Non-strategic

Page 20: Comment Form

Q22

Do you support or object to the proposed modification(s)?

Object

Q23

If you object, please select your reason from the list below (select all that apply):

Not positively prepared - i.e. strategy will not meet development needs

Q24

Please set out the reasoning behind your support or objection: Please note there is a 1000 character limit, therefore if your reason for support or objection is longer than this, please summarise the main issues raised.

Elvington Parish Council still contest that there was no real co-operation between the residents and the Council. We held an open event asking residents to comment on the various options for housing land and this was the least popular as it will cause increased traffic through an existing residential street. The preferred site (H26) has never been relooked at due to CYC's lack of understanding of the village.

Q22

Do you support or object to the proposed modification(s)?

Object

Q23

If you object, please select your reason from the list below (select all that apply):

Not positively prepared - i.e. strategy will not meet development needs

Q24

Please set out the reasoning behind your support or objection: Please note there is a 1000 character limit, therefore if your reason for support or objection is longer than this, please summarise the main issues raised.

Elvington Parish Council understand the need for a new settlement around Yrk but the proximity of ST15 to the village of Elvington with the loss of the historical runway when the site could be moved closer toward the A64 is a travesty, and one that will be regretted in the future. There is plenty of land to build ST15 on without the need to dig up a runway used weekly for recreational uses much to the benefit of the local economy. Pressure for the inner ward councils of York have resulted in the development being pushed as far away from the centre of York as geography will allow to the detriment of the village and the local economy. The roads cannot deal with an extra 2,000 cars prior to the A64 junction being opened for a start..
