Not positively prepared - i.e. strategy will not meet development needs

Q24

Please set out the reasoning behind your support or objection: Please note there is a 1000 character limit, therefore if your reason for support or objection is longer than this, please summarise the main issues raised.

In previous documentation site referred to as west of Elvington Lane which is accurate as a large part of site is west of Elvington Lane. However the map the council and developers have used is not accurate as the proposed access point is onto York road which has an Elvington postcode. All of Elvington Lane has a Dunnington postcode. It would therefore be more accurate to state access onto B1228. Yellow mark on attached photo indicates where York rd and Elvington Lane meet.
