---

I am objecting to the modification which sees green fields owned by St Peter's School removed from the Green Belt. The two fields both assist in safeguarding the countryside from further encroachment and preserve the setting and special character of York. The fields act as an important green wedge, which alongside the river and the adjacent green fields create the important open character and setting for this part of the city. Important public views are afforded across these fields towards the city centre, with clear and significant views of York Minster and the listed Principal Hotel amongst others. The field also enables important open views towards Clifton and its numerous historic buildings, including churches. Removal of this land from the green belt is therefore inconsistent with national planning policies.
