The paragraph states that the open should reflect the needs of Haxby and Wigginton. To this end these needs have been made clear and 'included'. With these changes there is now a possibility to pick and choose as these needs now 'may be include'. This could cut down considerably the activities that are 'needed'. in this open space

the people of Haxby and Wigginton have known for some long time through several consultations that the number of dwellings on ST9 will be 735. To now change this at the last minute is disingenuous. The developer can now choose an increase the number at will.
