Q22

Do you support or object to the proposed modification(s)?

Object

Q23

If you object, please select your reason from the list below (select all that apply):

Not justified - i.e. there is no evidence to justify the modification

Not consistent with national policy - i.e. doesn't comply with the law

Q24

Please set out the reasoning behind your support or objection: Please note there is a 1000 character limit, therefore if your reason for support or objection is longer than this, please summarise the main issues raised.

The modifications will allow developments that are harmful to the natural environment, and potentially destroy habitats for bats, birds, small mammals and insects. The value of this area lies in it being countryside within the bounds of the city.
