Q22

Do you support or object to the proposed modification(s)?

Object

Q23

If you object, please select your reason from the list below (select all that apply):

Not justified - i.e. there is no evidence to justify the modification

Q24

Please set out the reasoning behind your support or objection: Please note there is a 1000 character limit, therefore if your reason for support or objection is longer than this, please summarise the main issues raised.

This proposed policy is inconsistent with the 2021 document that spent 43 of 351 pages justifying the inclusion of the playing fields in the Green Belt. The proposed modifications are inconsistent with the goal to protect the setting and special character of historic towns. Removal of the Green Belt in this area risks urban sprawl on the open space by the river.

Q22

Do you support or object to the proposed modification(s)?

Object

Q23

If you object, please select your reason from the list below (select all that apply):

Not justified - i.e. there is no evidence to justify the modification

Not consistent with national policy - i.e. doesn't comply with the law

Q24

Please set out the reasoning behind your support or objection: Please note there is a 1000 character limit, therefore if your reason for support or objection is longer than this, please summarise the main issues raised.

As I mentioned in reference to PMM18, the Green Belt is inconsistent with national policy to preserve the setting and special character of historic towns. Removal of the Green Belt risks urban sprawl and encroachment on open space by the river.
