Q7
Reason for SUPPORT or OBJECTION Please give details to explain why you support or object to the wording of the Modification.

The idea that three traveller sites can be slipped in amongst new housing, just because of the numbers, is unrealistic. [REDACTED]

The maintenance and management of a new site in Haxby, with poor road links and directly beside the cemetery, is ill considered. I do support the idea of the developers making a financial contribution to the further development of existing sites, based on the numbers suggested. It seems only fair given the profits they will take. I still believe the new development is too large and will overload and ruin, the working village centre. Surely a new village nearer to the A1237 Ring Road is a better concept. Develop something new to be proud of, rather than ruin what we already have.

Not sure if I'm putting things in the right places. I support the small extension to existing travellers sites, with contributions from developers. I don't support creating new gypsy and travellers sites.

Q15

Reason for SUPPORT or OBJECTION Please give details to explain why you support or object to the wording of the Modification.

No need to create a new site in an unsuitable area. Extension of existing sites is a better option.
